

Are you having difficulty finding a job?

(July, Aug and Sept 2010 Schedule)

Attend an Illinois workNet computer-based, hands-on workshop where you will:

- Learn how to use www.illinoisworkNet.com job search tool
- Create your own personal account and receive job e-mail alerts
- Learn about key sectors, resources, and tools
- Explore high wage and high demand industries
- Expand your knowledge about labor market information
- Find your hidden skills and interests
- Explore wages and employment trends
- Discover a potential employer

So whether you are in employment transition, dislocated, older worker, veteran, or re-entering the workforce, our hands on computer-based workshop might just be the tool you need to help you find a job or a new career!
